For the poorest and most vulnerable people in our community, access to justice is out of reach.

Anyone can face a crisis in their lives where they are in need of legal advice. We walk on **Monday the 21st of May 2018**, to make sure people are not alone and get the support they need to get back on their feet.

Your support is vital, make sure to sign up your firm or chambers here tinyurl.com/LLW18. Thank you.
