

Why are we baking?

For the poorest and the most vulnerable people in our community, access to justice is out of reach.

Free legal advice makes a huge difference to their lives.

In recent years, poverty has increased and support services have decreased.

Meanwhile, funding for humanitarian and social welfare legal advice has reduced dramatically.

Who is it all for?

elderly people who need support to stay living independently

Women and children facing trafficking and labour exploitation

people who have been unfairly dismissed or discriminated against at work

Homeless people and families living in terrible housing conditions

People living with disability or illness and their carers

The London Legal Support Trust's grants and support work helps thousands of people like those listed here, and many others in London and the South East.

Your support is vital. Thank you.
